

# The Meridian School

## School Uniform Policy

**At The Meridian School we believe it is important that our students are well dressed, smart and presentable during both on and off campus activities. Student personal grooming and appearance is essential. This dress code policy has been implemented to ensure that all students are appropriately dressed at all times.**

It is the policy of the school that students are to be dressed in proper school attire at all times. We encourage the parents of our students to ensure that their child comes to school in the correct uniform.

Adherence to The Meridian School's official school uniform policy is a key factor in building up a proud tradition in the school's life. Pride in appearance and in wearing the correct clothing is an important part of building up our school's profile.

We believe the wearing of school uniform:

- contributes to school unity
- develops a sense of belonging
- encourages pride in the school
- reduces competitive dressing
- develops a positive image of The Meridian School in the wider community
- assists with the safety and care of students by identifying them while on excursions

The wearing of the uniform is regarded as a core behavior issue. If a student is unable to wear the school uniform on a particular day, they must have a written note from their parent/guardian. Persistent breach of the uniform policy by a student, without appropriate note from parent, may result in restricted play, exclusion from recreational activities or exclusion from any activities in which students are representing the school in the wider community e.g. field trips.

The Meridian School will ensure that parents of new students are made aware of the importance of the Uniform Policy.
